

K-Love has been a great part of our community for a long time. It is a welcome broadcast of the finest music available and provides our youth with a positive message. It gives our children more than just the message, it gives them hope and another option besides the popular music they are subjected to in our community and schools.

To introduce other programming would deter the positive message that K-Love is presenting. It would erase the positive and confuse those who rely on the message they receive. I believe K-love provides a service to our community that reflects a positive image for our youth. Why would anyone want to change that?
